

YOUR CHURCH REBUILDING UPDATE.

Approximate rebuilding costs \$3million. This will be made up by the parish raising approximately 50%, and a loan from the Diocese of the other 50%.

Parish has raised to date \$950,000. This is the result of hard work and the generosity of many Parishioners. Many thanks and blessings for your support.

Currently we are subdividing the View Rd property and will be selling the dwelling, and a small piece of land with the dwelling. We expect to raise about \$350,000 from the sale. We will then have approximately \$1.3million and our goal of \$1.5million is looking close.

YES.....We could be rebuilding within the next twelve months!!

Your financial support is critical to our success. Please carry on the good work.

If you are not using the Rebuilding Planned Giving system, and wish to join, please contact the Parish office for more information. This allows us to plan the rebuilding finances correctly, and is the cornerstone of the project.

Remember, when you say the Rebuilding prayer at Mass, you are asking yourself about your commitment, not someone else's . Ask yourself "Can I help rebuild MY church"?

UPCOMING EVENTS.

BRIDAL GOWNS THROUGH THE AGES.

Following on from last year's very successful show, another event is currently scheduled for the 19th of May.

Ladies, it is time to show off those beautiful wedding dresses you have hidden away. We will advise soon the contact details, but we would like to exhibit your gown, plus a photo of your wedding party (Loan is for approx 24hours). **GO ON!!! Show them off !**

We are even looking for those "Brave" enough to model their dresses (not a requirement)

Have a think about the above. You will be helping to rebuild your church from the proceeds of the event.

LATER IN THE YEAR WE WILL BE HOLDING

"WEARABLE ARTS OUT WEST". More to come on this event, but get the brain ticking over on this one.

God bless!
